

Invitation to Federated States of Micronesia Seminar FSM Captive Insurance & Investment Seminar – May 26th, 2009

We would like to welcome you and your guests to our third major seminar in Tokyo.

This time, we are not only introducing the basic merits of Federated States of Micronesia (FSM) as an attractive investment domicile for Japanese, but focusing particularly on our new Captive Insurance regime, for which we are receiving a very high level of interest among investors and professionals who we meet in Japan. We believe this is a rare opportunity for you and your guests to learn about “Captive Insurance” from six Captive and Tax Specialists, as well as from President Mori from the FSM.

Our first seminar last year attracted over 200 attendees, but we had to turn down many others due to space availability and language limitation. However, for this seminar, we have arranged a larger venue which also provides simultaneous translation into both Japanese and English languages.

We look forward to seeing you on May 26th at United Nations University (UNU) in Tokyo.

【Seminar】 (casual lunch will be served at no charge)
Date & Time: Tuesday, May 26, 2009, 10:00 to 17:00 (Registration Starts at 9:30)
